2026 Women's Sailing Clinics

Nancy Jaywork and her cadre: Katie Heintz, Marie Murray, Eileen Perkins and Marti Cochran had a very successful season. They worked with beginner and intermediate sailors most Sunday and Wednesday mornings helping them to learn to sail or improve their skills. They used Flying Scots , Hobie Waves and Sunfish. There were approximately 32 women involved throughout the summer, including instructors, with an even split between members and non-members. Non-members paid $50 per session, with no charge for members. The total income was $1,600 to RBSA. Several women wanted to join the club this year mid to late summer but didn't want to pay 2026 dues that late in the season. It is very likely several of these women will join next season.
